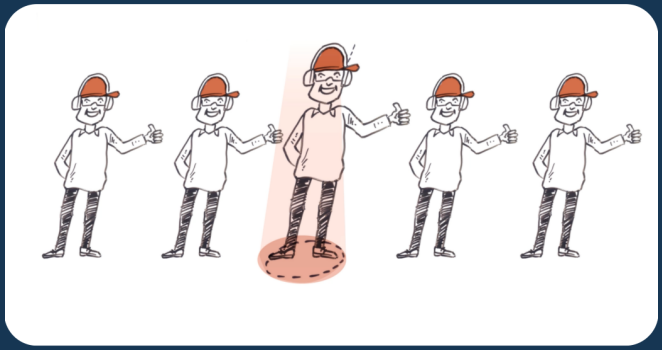
BRAIN BASED SAFETY

FIRST-LINE TRAINING

The first-line leader is the link between theory and practice!



This training helps leaders understand, apply, and communicate the Brain Based Safety philosophy.

THE TRAINING

- Provides practical insight into the Brain Based Safety philosophy
- Translates theory into actionable steps for daily work
- Equips leaders to actively share the philosophy with their teams

THE RESULT

- Gives leaders the knowledge to bring the philosophy to the floor
- Increases understanding of behavior and its underlying patterns
- Prepares leaders to effectively facilitate Toolbox sessions
