

**The first-line leader is the link between theory and practice!**

**This training helps leaders understand, apply, and communicate the Brain Based Safety philosophy.**

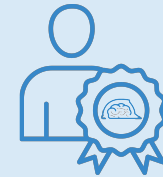

### THE TRAINING

- Provides practical insight into the Brain Based Safety philosophy
- Translates theory into actionable steps for daily work
- Equips leaders to actively share the philosophy with their teams

### THE RESULT

- Gives leaders the knowledge to bring the philosophy to the floor
- Increases understanding of behavior and its underlying patterns
- Prepares leaders to effectively facilitate Toolbox sessions

### OPTION 1: INTERNAL BRAIN BASED SAFETY EXPERT DELIVERS THE TRAINING

Slides, exercises, and videos are provided

No Brain Based Safety expert in-house yet? We will help you train one.

### OPTION 2: BRAIN BASED SAFETY DELIVERS THE TRAINING

10 training sessions (total of 35 hours)
